Dear Mr Fredrikson,

It was nice meeting both you and your associate Carol at the UML Career Fair this past Tuesday. I appreciate you taking the time to speak with me regarding the position of Junior Web Designer, and would like to formally begin the application process with you as we discussed.

If you recall, we looked at my website and some of the examples of different frontend designs I've made, which are shown at Harmonie.is for your review. I have also included some redesigns I have done for local non-profits, with comparisons between their old layouts and the new ones I built. You will see in the case of the Lowell Food Bank, following the introduction of their new website, their donations went up 30%.

I have explored the Blue Emu Company Culture page, and feel that after our informal chat, that your company would be an ideal place to grow my skills, while also continuing to design for nonprofits, as they make up over 60% of your customer base. I look forward to talking with you further, and can be reached by email at Harmonie@gmail.com, or by phone at (978) 807-4464. Thank you for your time.

Sincerely,

Harmonie Snow
